

**1st WORLD
CONGRESS
OF TRICHOSCOPY**

HAIR

ALL ABOUT
& NAILS
SYMPOSIUM

**15–17 March, 2018
Warsaw, Poland**

MAIN PROGRAM

THURSDAY, 15 MARCH 2018

CONGRESS WELCOME

- 16.00–16.20** Congress Welcome *Lidia Rudnicka (President of the International Trichoscopy Society)*
Congress Welcome *Antonella Tosti (Secretary General of the International Trichoscopy Society)*

PLENARY SESSION

Presentations by founding members of the International Trichoscopy Society
Chairmen: *Boni Elewski, Bianca Piraccini, Bertrand Richert, Yuliya Ovcharenko*

- 16.20–16.40 How do I treat androgenetic alopecia?
Lidia Rudnicka (Poland)
- 16.40–17.00 The value of dermoscopy in nail disorders
Antonella Tosti (USA)
- 17.00–17.20 How not to miss early frontal fibrosing alopecia?
Rodrigo Pirmez (Brazil)
- 17.20–17.40 The various clinical presentations of onychomycosis
Daniel Asz Sigall (Mexico)
- 17.40–18.30 **BEYOND HAIR AND NAILS**
Virtual reality (VR). Is this the future in teaching dermatology?
Maciej Nowacki (Poland)
Polish impressions
- 18.30** Welcome Reception (Foyer in front of Ballrooms)

FRIDAY, 16 MARCH 2018

- 9.00–10.40 FROM TRICHOSCOPY TO THERAPY 1 (Ballroom A-F)**
Chairmen: *Rodrigo Pirmez, Adriana Rakowska, Hoda Moneib, Tatiana Siliuk*
- 9.00–9.20 Discoid lupus erythematosus – from trichoscopy to therapy
Bruna Duque Estrada (Brazil)
- 9.20–9.40 Alopecia areata – from trichoscopy to therapy
Lidia Rudnicka (Poland)
- 9.40–10.00 How trichoscopy changed the diagnosis of tinea capitis
Daniel Asz Sigall (Mexico)
- 10.00–10.20 Erosive pustular dermatosis of the scalp – from trichoscopy to therapy
Michela Starace (Italy)
- 10.20–10.40 Q&A
- 10.40–11.00** Coffee break
- 11.00–12.40 NAIL DISEASES: AN UPDATE (Ballroom A-F)**
Chairmen: *Daniel Asz Sigall, Rachita Dhurat, Agnieszka Owczarczyk-Saczonek, Irena Walecka*
- 11.00–11.20 Lichen planus of the nails
Antonella Tosti (USA)
- 11.20–11.40 How do I treat nail psoriasis?
Boni Elewski (USA)
- 11.40–12.00 Is there a surgical treatment for onychomycosis?
Bertrand Richert (Belgium)
- 12.00–12.20 Retronychia
André Lencastre (Portugal)
- 12.20–12.40 Q&A
- 12.40–13.40** Lunch

- 13.40–15.40 PLENARY SESSION (Ballroom A–F)**
Chairmen: *Assem Farag, Małgorzata Olszewska, Rui Oliveira Soares Antonella Tosti*
- 13.40–14.00 Introduction
- 14.00–14.20 Treatment of ingrowing toenails
Bertrand Richert (Belgium)
- 14.20–14.40 Colorful nail pearls
Boni Elewski (USA)
- 14.40–15.00 Drug-induced nail changes
Bianca Piraccini (Italy)
- 15.00–15.20 Hair loss associated with diseases of internal organs
Ulrike Blume-Peytavi (Germany)
- 15.20–15.40 Post-finasteride syndrome. Does it exist?
Ramon Grimalt (Spain)
- 15.40–16.00 Coffee break**
- 16.00–17.20 ANDROGENETIC ALOPECIA
(Ballroom A–D; Parallel free communications: Nails – Ballroom E–F)**
Chairmen: *Ramon Grimalt, Beata Kręcisz, Anna Lis-Święty*
- 16.00–16.20 Trichoscopy of androgenetic alopecia
Antonella Tosti (USA)
- 16.20–16.40 Topical therapy for androgenetic alopecia in women and men
Ulrike Blume-Peytavi (Germany)
- 16.40–17.00 Systemic therapy for androgenetic alopecia in women and men
Adriana Rakowska (Poland)
- 17.00–17.20 Q&A
- 17.20–18.30 HAIR DISEASES IN CHILDREN
(Ballroom A–D; Parallel free communications: Nails – Ballroom E–F)**
Chairmen: *Ulrike Blume-Peytavi, Ewa Chlebus, Dorota Krasowska*
- 17.20–17.40 Trichotillomania in children
Ramon Grimalt (Spain)
- 17.40–18.00 Transient neonatal hair loss. Clinical findings and trichoscopy
Bianca Piraccini (Italy)
- 18.00–18.20 Premature hair graying in children and adults
Anna Skrok (Poland)
- 18.20–18.30 Q&A
- 18.30–19.15 VICHY DERCOS SPONSORED SESSION (IN POLISH)**
Mikrobiom owłosionej skóry głowy i rola pielęgnacji w łojotokowym zapaleniu skóry
Aleksandra Dańczak-Pazdrowska
Rola peelingu owłosionej skóry głowy w leczeniu chorób dermatologicznych
Joanna Czuwara

SATURDAY, 17 MARCH 2018

- 9.00–10.20 TRICHOSCOPY SELF ASSESSMENT (Ballroom A–F)**
Chairmen: *Lidia Rudnicka, Małgorzata Olszewska, Adriana Rakowska*
- 9.00–9.15 mTrichoscopy – what is it?
Lidia Rudnicka (Poland)
- 9.15–9.30 Quiz cases
Nino Lortkipanidze (Georgia)
- 9.30–9.45 Quiz cases
Hoda Moneib (Egypt)
- 9.45–10.00 Quiz cases
Michela Starace (Italy)
- 10.00–10.20 Q&A

- 10.20–11.50 PLENARY SESSION (Ballroom A-F)**
Chairmen: *Sergio Vañó Galván, Nino Lortkipanidze, Anna Wojas-Pelc, Waldemar Placek*
- 10.20–10.30 Introduction
- 10.30–10.50 Self-inflicted alopecias
André Lencastre (Portugal)
- 10.50–11.10 Platelet-rich plasma and stem cells in androgenetic alopecia – what is the evidence?
Rui Oliveira Soares (Portugal)
- 11.10–11.30 Micropigmentation
Rachita Dhurat (India)
- 11.30–11.50 What's new in hair restoration?
Nina Othberg (Germany)
- 11.50–12.10 Coffee break**
- 12.10–14.10 FROM TRICHOSCOPY TO THERAPY 2**
(Ballroom A–D; Parallel free communications: Hair. Non trichoscopy, Ballroom E–F)
Chairmen: *Bruna Duque Estrada, Michela Starace, Yazid Bourezane*
- 12.10–12.30 Seborrheic dermatitis: from diagnosis to therapy
Rui Oliveira Soares (Portugal)
- 12.30–12.50 Folliculitis decalvans: from trichoscopy to therapy
Sergio Vañó Galván (Spain)
- 12.50–13.05 Lichen planopilaris: from trichoscopy to therapy
Bruna Duque Estrada (Brazil)
- 13.05–13.20 Frontal fibrosing alopecia: from trichoscopy to therapy
Sofia Papanikou (Greece)
- 13.20–13.35 Dissecting cellulitis: from trichoscopy to therapy
Leonardo Spagnol Abraham (Brazil)
- 13.35–13.50 Hair restoration in diseases other than androgenetic alopecia
Nina Othberg (Germany)
- 13.50–14.10 Q&A
- 14.10–15.05 Lunch**
- 15.05–16.05 DERMOCOSMETICS & DIET SUPPLEMENTS**
(Ballroom A–D; Parallel free communications: Trichoscopy - Ballroom E–F)
Chairmen: *Joanna Czuwara, Khobzei Kuzma, Michał Sobjanek*
- 15.05–15.20 Dermocosmetics that affect the hair shaft
Hoda Moneib (Egypt)
- 15.20–15.35 Dermocosmetics that affect the scalp
Małgorzata Maj (Poland)
- 15.35–15.50 Diet and diet supplements affecting hair and nails
Beata Bergler-Czop (Poland)
- 15.50–16.05 Q&A
- 16.05–17.55 HAIR AND NAIL PEARLS**
(Ballroom A–D; Parallel free communications: Trichoscopy case reports - Ballroom E–F)
Chairmen: *Leonardo Spagnol Abraham, Beata Bergler-Czop, Rafał Czajkowski*
- 16.05–16.20 Mimickers of syphilitic alopecia
Isabella Doche (Brazil)
- 16.20–16.35 Loss of eyebrows
Yuliya Ovcharenko (Ukraine), Kuzma Khobzey (Ukraine)
- 16.35–16.50 The life of hair in lichen planopilaris – a histopathology perspective
Joanna Czuwara (Poland)
- 16.50–17.05 Nail involvement in pemphigus
Marian Dmochowski (Poland)
- 17.05–17.20 Scalp involvement in pemphigus
Marta Sar-Pomian (Poland)
- 17.20–17.35 Pachydermoperiostosis – a hair and nail perspective
Anna Waśkiel (Poland)
- 17.35–17.55 Q&A
- 18.00 Closing**

PRE-CONFERENCE COURSES

NAIL SURGERY COURSE

15 March 2018; 10.00–15.00; Warsaw, Poland

Coordinator: Bertrand Richert (Belgium)

- **Nail anatomy, physiology, biology**
André Lencastre
- **Pre-surgery nail dermoscopy**
Marta Sar-Pomian
- **Patient preparation and instruments**
André Lencastre
- **Anaesthesia of the nail apparatus**
Pauline Lecerf
- **Questions and Answers session**
- **Basic nail surgery techniques and nail biopsies**
Pauline Lecerf
- **Surgery of the nail bed**
Pauline Lecerf
- **Surgical treatment of ingrowing toenails**
Bertrand Richert
- **Surgery of the matrix**
Bertrand Richert
- **Surgery of the proximal, distal, lateral nail folds**
André Lencastre
- **Common mistakes, tricks and tips in nail surgery**
Bertrand Richert

BASIC TRICHOSCOPY COURSE

15 March 2018; 10.15–15.15, Warsaw, Poland

Coordinators: Adriana Rakowska, Lidia Rudnicka (Poland)

- **Basic trichoscopy structures**
Lidia Rudnicka
- **Alopecia areata**
Adriana Rakowska
- **Tinea capitis**
Daniel Asz Sigall
- **Trichotillomania and traction alopecia**
Yanna Kelly
- **Questions and Answers session**
- **Androgenetic alopecia**
Bianca Maria Piraccini
- **Lichen planus, frontal fibrosing alopecia**
Rodrigo Pirmez
- **Folliculitis decalvans dissecting cellulitis, discoid lupus erythematosus**
Isabella Doche
- **Questions and Answers session**
- **Inflammatory scalp diseases (psoriasis, seborrheic dermatitis)**
Yanna Kelly
- **Trichoscopy of infectious diseases of the scalp**
Leonardo Spagnol Abraham
- **Trichoscopy-guided biopsy**
Anna Waśkiel
- **Trichoscopy even closer to real life**
Adriana Rakowska, Lidia Rudnicka
- **Trichoscopy quiz, including trichoscopy tips and tricks**
Adriana Rakowska
- **Questions and Answers session**

CONCURRENT SESSIONS – FREE COMMUNICATIONS

(All concurrent sessions take place in room Ballroom E/F)

Friday, 16 March 2018

16.00–17.20

Nails – original studies and short reviews

Chairmen: Monika Bowszyc-Dmochowska, Shilpi Agarwal, Magdalena Żychowska

1. Nail involvement in lichen planus

Magdalena Żychowska, Aleksandra Batycka-Baran, Wojciech Baran (6 min)

2. The value of dermoscopy in differential diagnosis of non-melanoma nail abnormalities

Aleksandra Walczak, Anna Michalak-Stoma, Małgorzata Michalska-Jakubus, Dorota Krasowska (6 min)

3. UV nail lamps and the risk of acral skin tumors?

Justyna Mrówczyńska, Magdalena Misiak-Gałązka, Lidia Rudnicka (6 min)

4. Onychoscopic features of psoriasis

Joanna Golińska, Marta Sar-Pomian, Lidia Rudnicka (6 min)

5. Nail clipping histopathology and dermoscopy: the non-invasive methods in the diagnosis of onychomatricoma

Monika Bowszyc-Dmochowska, Tomasz Woźniak, Małgorzata Janicka-Jedyńska (6 min)

6. Quality of life in 231 patients with psoriasis with reference to disease severity and nail involvement

Magdalena Pirowska, Anna Wojas-Pelc (6 min)

7. Epidemiology, clinical presentation and dermoscopic features of malignant tumours of the nail apparatus – the records from Department of Dermatology, Venereology and Allergology in Gdansk

Michał Sobjanek, Martyna Sławińska, Alicja Romaszkievicz, Wojciech Biernat, Roman J. Nowicki (6 min)

Q&A

Friday, 16 March 2018

17.20–18.30

Nails – case reports

Chairmen: Reham El-Zawahry, Amit Kerure, Marta Jaworska

8. Porocarcinoma of the nail – the first dermoscopic observation of the rare tumor of the nail apparatus

Michał Sobjanek, Martyna Sławińska, Anna Zaryczańska, Alicja Romaszkievicz, Kamil Drucis, Roman J. Nowicki, Wojciech Biernat (4 min)

9. Dermoscopy of onychomycosis and its correlation with the causative organism

Reham El-Zawahry, Mohamed Habib, Hoda Moneib, Mona Atef (4 min)

10. Yellow nail syndrome

Monika Siedlecka, Joanna Czuwara, Anna Skrok, Joanna Misiewicz-Wroniak, Lidia Rudnicka (4 min)

11. Nail dyspigmentation following hydroxyurea therapy

Shilpi Agarwal (4 min)

12. Dermoscopic findings of onychopathies in housewives in navi Mumbai. A series of 200 patients

Amit Kerure (4 min)

13. Congenital malalignment of the great toenails

Anna Matuszewska (4 min)

14. Onychoscopy as a useful tool in diagnosing Darier's disease

Agata Szykut, Justyna Skibińska, Marta Sar-Pomian, Małgorzata Olszewska, Lidia Rudnicka (4 min)

15. Progressive nail changes as the initial sign of multiple myeloma-associated systemic amyloidosis

Piotr Parcheta, Elżbieta Kłujso, Jacek Zdybski, Joanna Czuwara, Beata Kręcisz (4 min)

16. Nail damage mimicking psoriasis induced by contact allergy from (meth)acrylates

Sylwia Cyran-Stemplewska, Beata Kręcisz (4 min)

17. Alopecia areata totalis associated with nails lesions – good response to treatment

Marta Jaworska, Piotr Parcheta, Elżbieta Kłujso, Beata Kręcisz (4 min)

18. Transverse leukonychia (Mees lines) as a cosmetically induced nail disorder

Paweł Pietkiewicz, Justyna Gornowicz-Porowska, Paweł Bartkiewicz, Monika Bowszyc-Dmochowska, Marian Dmochowski (4 min)

Q&A

Saturday, 17.02.2018

12.10–14.10

Hair non-trichoscopy – original studies and short reviews

Chairmen: Daniel Melo, Katarzyna Juczyńska, Maciej Pastuszczyk

19. **Successful treatment of facial papules in frontal fibrosing alopecia with oral isotretinoin**
Rodrigo Pirmez, Taynara Barreto, Bruna Duque-Estrada, Danielle Quintella, Tullia Cuzzi (6 min)
20. **Facial papules in frontal fibrosing alopecia: beyond vellus hair follicle involvement**
Rodrigo Pirmez, Taynara Barreto, Bruna Duque-Estrada, Danielle Quintella, Tullia Cuzzi (6 min)
21. **Controversy about platelet rich plasma in hair loss**
Joanna Czuwara, Adriana Rakowska, Lidia Rudnicka (6 min)
22. **Langerhans cells as a histologic marker of proper treatment response to hydroxychloroquine in patients with frontal fibrosing alopecia**
Maciej Pastuszczyk, Magdalena Wawrzynkiewicz, Grzegorz Dyduch, Anna Wojas-Pelc (6 min)
23. **Hair abnormalities associated with epidermal growth factor receptor targeted therapy**
Anna Stochmal, Marta Sar-Pomian, Lidia Rudnicka (6 min)
24. **Alopecia areata – hyperactivity of the hypothalamic-pituitary-adrenal axis is a myth?**
Beata Bergler-Czop, Ligia Brzezińska-Wcisło, Bartosz Miziołek (6 min)
25. **Stepwise approach of hair fall disorders**
Ahmed Sadek, Dalia Hossam (6 min)
26. **Injectable betamethasone as a therapeutic option in alopecia areata**
Daniel Melo, Thaisa Dutra, Vanessa Baggieri, Violeta Tortelly (6 min)
27. **Sulfotransferase activity levels in plucked hair follicles of androgenic alopecia patients in Indian subcontinent**
Jill Chitalia, Rachita Dhurat (6 min)
28. **Retrospective analysis of diphencyprone in pediatric patients of alopecia areata**
Nitya Malladi, Siddhi Chikhalkar, Uday Khopkar, Vikram Lahoria, Vidya Kharkar (6 min)
29. **A randomized controlled study detailing the role and efficacy of growth factors in platelet rich plasma in patterned alopecia in one hundred male patients**
Aseem Sharma, Rahul Ray (6 min)
30. **Profile of patients with alopecia areata in a university hospital**
Andressa Sato de Aquino Lopes, Leopoldo Duailibe Nogueira Santos, Rosana Lazzarini (6 min)
31. **The JAK/STAT signaling pathway and its role in the hair cycle**
Katarzyna Juczyńska, Agnieszka Żebrowska (6 min)

Saturday, 17.02.2018

15.05–16.05

Trichoscopy – original studies and short reviews

Chairmen: Marta Sar-Pomian, Mariusz Sikora, Joice Maria Joseph

32. **The overall trichoscopy and trichogram analysis performed in patients who underwent the innovative pressurized intraperitoneal aerosol chemotherapy (PIPAC) treatment due to peritoneal carcinomatosis – the initial trial**
Maciej Nowacki, Katarzyna Nowacka, Maciej Zegarski, Barbara Zegarska, Wojciech Zegarski (4 min)
33. **Yellow dots in trichoscopy: relevance, clinical significance and peculiarities**
Caren dos Santos Lima, Daniel Fernandes Melo, Luciana Rodino Lemes (4 min)
34. **Therapeutic response to intralesional corticosteroids in the treatment of alopecia areata, a dermoscopic follow up study**
Joice Maria Joseph (4 min)
35. **Trichoscopic features of androgenic alopecia in women with adult acne**
Mariusz Sikora, Adriana Rakowska, Małgorzata Olszewska, Lidia Rudnicka (4 min)
36. **Trichoscopic and histopathological findings in Egyptian patients with alopecia parvimaclata**
Marwa Said, Eman Said, Lamia Abdelbary, Marwa Elhady, Mahmoud Saeed Mahmoud (4 min)
37. **Trichoscopic features of scalp psoriasis**
Joanna Golińska, Marta Sar-Pomian, Lidia Rudnicka (4 min)

38. Circular hairs: nomenclatures and meanings*Daniel Fernandes Melo, Ana Luiza Valle Esteves, Luciana Rodino Lemes, Natália Battisti Serafin (4 min)***39. Dermoscopic assessment of focal hairless patches***Ahmed Sadek, Noha Hashem, Dalla Hossam, Radwa Magdy, Mosheera Elbahravi, Safaa Negm, Nehal Saied (4 min)***40. Trichoscopy features of eyelashes and eyebrows in frontal fibrosing alopecia***Leopoldo Duailibe Nogueira Santos, Marta Sar-Pomian, Lidia Rudnicka, Andressa Sato de Aquino Lopes, Rosana Lazzarini (4 min)***41. Dermoscopic study of tinea capitis***Joice Maria Joseph (4 min)*

Q&A

Saturday, 17.02.2018

16.05–17.15

Trichoscopy – case reports**Chairmen:** Aleksandra Dańczak-Pazdrowska, Jill Chitalia, Martyna Sławińska**42. Trichotillomania: three patients treated with N-acetylcysteine***Hugo Martinez (3 min)***43. The role of trichoscopy in the assessment of a patient with erythroderma. A case series***Martyna Sławińska, Michał Sobjanek, Roman J. Nowicki, Małgorzata Sokołowska-Wojdyło (3 min)***44. Alopecia areata coexisting with discoid lupus***Asmahane Souissi, Azima Ben Tanfous, Imed Ben Ghorbel, Mourad Mokni (3 min)***45. Association of frontal fibrosis alopecia and alopecia areata in a female patient***Asmahane Souissi, Mehdi Karray, Fatma Jendoubi, Imed Ben Ghorbel, Mourad Mokni (3 min)***46. Omalizumab-induced alopecia***Karolina Kozera, Adriana Rakowska, Joanna Czuwara, Joanna Hermanowicz-Salamon, Lidia Rudnicka (3 min)***47. Trichoscopic assessment of frontal fibrosing alopecia treatment effects***Piotr Szlązak, Tomasz Iwanowski, Gustaw Roter (3 min)***48. Tinea capitis mimicking female pattern hair loss***Jill Chitalia, Madhulika Mhatre, Rachita Dhurat (3 min)***49. Cluster of star appearance. A new trichoscopy marker for diagnosis of atrichia congenita with papular lesions***Radha Mundhra, Rachita Dhurat, Sanobar Daruwalla (3 min)***50. Severe scalp involvement in a patient with pemphigus vulgaris and prostate cancer***Aleksandra Wielgoś, Marta Sar-Pomian, Joanna Golińska, Anna Skrok, Lidia Rudnicka, Małgorzata Olszewska (3 min)***51. Shock loss following follicular unit extraction – trichoscopic simulator of alopecia areata***Amit Kerure (3 min)***52. Eyelash trichoscopy as a useful tool in diagnosis of Demodex blepharitis***Zofia Mazurek-Durlak, Anna Wojas-Pelc (3 min)***53. White nodules on the hair – a case series of extensive white piedra***Radha Mundhra, Rachita Dhurat, Jill Chitalia (3 min)***54. A case of discoid lupus erythematosus on the scalp***Andrei Doroshkevich, Tatiana Silyuk (3 min)*

Q&A

Saturday, 17.02.2018

17.15–17.55

Hair. Non-trichoscopy – case reports**Chairman:** Wafa Ramadan, Asmahane Souissi, Olga Warszawik-Hendzel**55. A rare case of scalp seborrheic dermatitis manifesting as patchy alopecia***Magdalena Wawrzynkiewicz, Maciej Pastuszczak, Grzegorz Dyduch, Anna Wojas-Pelc (3 min)***56. Intralesional triamcinolone in combination with topical clobetasol in therapy of scalp lipedema***Patrycja Gajda, Adriana Rakowska, Olga Warszawik-Hendzel, Joanna Czuwara, Mariusz Sikora, Lidia Rudnicka (3 min)*

- 57. Therapy-resistant folliculitis decalvans successfully treated with adalimumab**
Mariusz Sikora, Adriana Rakowska, Małgorzata Olszewska, Lidia Rudnicka (3 min)
- 58. Lichen planus involving mucous membranes, nails and hair in a patient with autoimmune hepatitis and thyroiditis**
Magdalena Zychowska, Joanna Maj (3 min)
- 59. Hairy earlobes. In search for pathogenic factors**
Paulina Chmielińska, Marta Sar-Pomian, Adriana Rakowska, Małgorzata Olszewska, Lidia Rudnicka (3 min)
- 60. Woolly hair nevus**
Daniel Melo, Karen Cunha, Karina Fernandes, Thiago Vargas (3 min)
- 61. Dermatophytosis of the eyelashes caused by *Microsporum canis***
Asmahane Souissi, Fatma Jendoubi, Nourchène Toukabri, Yousra Jmour, Mourad Mokni (3 min)
- 62. Rare in hair: a gamut of interesting cases**
Nitya Malladi, Rachita Dhurat, Jill Chitalia, Smita Ghate, Ameet Dandale, Tejas Vishwanath, Deepti Shukla (3 min)
- Q&A**

POSTERS AND OTHER PRESENTATIONS

Trichoscopy

- 63. Trichoscopy in hair breakage**
Wafaa Ramadan
- 64. Primary cutaneous melanoma of the scalp. Clinical diagnosis and dermoscopy**
Olga Warszawik-Hendzel, Małgorzata Maj, Agnieszka Gradzińska, Małgorzata Olszewska, Piotr Rutkowski, Lidia Rudnicka
- 65. Trichoscopy findings in different clinical stages of dissecting cellulitis of the scalp**
Daniel Fernandes Melo, Luciana Rodino Lemes, Violeta Duarte Tortelly, Bruna Duque Estrada, Rodrigo Pirmez
- 66. Trichoscopic assessment of donor area and safe zone in different age groups of men undergoing hair transplantation procedure**
Madhulika Mhatre
- 67. A study on the trichoscopic constellation in tinea corporis – novel, unreported signs to clinch the diagnosis in atypical presentations**
Aseem Sharma, Sandip Agarwal, Rachita Dhurat, Smita Ghate
- 68. Trichoscopy of tinea capitis. An analytical study in Algeria**
Abderrachid Bouakkaz, Attika Chibane, Assya Djeridane
- 69. Trichoscopy as a method for determining the phase of androgenetic alopecia**
Nino Khutsishvili, Nino Lortkipanidze, Lidia Rudnicka, Yuliya Ovcharenko, Irma Buchukuri, Olena Salenkova
- 70. Steroid-induced changes in trichoscopy of frontal fibrosing alopecia**
David Saceda-Corralo, Oscar M. Moreno-Arrones, Ángela Hermosa-Gelbard, Cristina Pindado-Ortega, Ana R. Rodrigues-Barata, Sergio Vañó-Galván
- 71. Evaluation of hair loss pattern in patients with polycystic ovary syndrome using videotrichoscopy and reflectance confocal microscopy**
Katarzyna Podolec, Magdalena Pirowska, Anna Wojas-Pelc
- 72. Folliculitis decalvans – diagnostic and therapeutic clues**
Marlena Majkut-Sobechowicz, Adriana Rakowska, Joanna Czuwara, Lidia Rudnicka
- 73. Can trichoscopy eliminate a need for scalp biopsy in frontal fibrosing alopecia?**
Bartosz Miziołek, Anna Lis-Święty, Irmina Ranosz-Janicka, Grażyna Bierzyńska-Macyszyn, Ligia Brzezińska-Wcisło
- 74. Trichoscopy in unusual cases of lichen planopilaris**
Justyna Skibińska, Adriana Rakowska, Marek Opala, Małgorzata Olszewska, Lidia Rudnicka
- 75. Trichoscopic features in tinea capitis**
Asmahane Souissi, Najla Daadaa, Nourchène Toukebri, Fatma Jendoubi, Mehdi Karray, Mourad Mokni
- 76. Trichoscopy in frontal fibrosing alopecia. What is beneath the hair line?**
Adriana Rakowska, Anna Waśkiel, Mariusz Sikora, Małgorzata Olszewska, Lidia Rudnicka
- 77. Dermoscopy of scalp actinic keratosis**
Tatsiana Damps, Olga Warszawik-Hendzel, Małgorzata Olszewska, Lidia Rudnicka

- 78. Early stage scarring alopecia as potentially reversible process**
Jekaterina Pudova, Kristina Nevidovska
- 79. Trichotillomania in a 69-year-old woman**
Radomir Reszke, Kalina Welz-Kubiak, Adam Reich, Jacek Szepietowski
- 80. Atrichia, keratosis follicularis and coloboma**
Sanita Zigure, Jekaterina Pudova
- 81. Cicatricial alopecia as a manifestation of breast cancer metastases. Clinical features and trichoscopic findings**
Magdalena Jasińska, Barbara Borkowska, Martyna Kamont, Justyna Sicińska
- 82. Difficult to diagnose case of alopecia after prolonged use of topical glucocorticoids**
Joanna Czuwara, Leszek Blicharz, Adriana Rakowska, Lidia Rudnicka
- 83. Trichotillomania. Diagnostic difficulties**
Ida Yurtsever, Małgorzata Kwiatkowska, Magdalena Jasińska, Barbara Borkowska, Patrycja Wiślińska, Julia Lanckorońska, Irena Walecka, Martyna Kamont
- 84. Sebaceoma in the scalp simulating melanocytic malignant cutaneous neoplasm**
Daniel Fernandes Melo, Thaís Roberta Ura Garcia, Bárbara Catojo Poggi, Juliana Marques da Costa, Maria Auxiliadora Jeunon Sousa
- 85. Trichotillomania in children**
Olivia Komorowska
- 86. Alopecia areata and comorbidities. A series of patients**
Beata Polkowska-Pruszyńska, Agnieszka Gerkowicz, Aleksandra Walczak, Dorota Krasowska
- 87. Trichoscopy findings in trichotemnomania in an adolescent patient – case study**
Aleksandra Kobusiewicz, Katarzyna Tomaszewska, Anna Zalewska-Janowska, Andrzej Kaszuba
- 88. Trichoscopic findings in alopecia neoplastica from metastatic breast carcinoma**
Cristina Pindado-Ortega, Marta Molins-Ruiz, David Saceda-Corrado, Óscar M. Moreno-Arrones, Ángela Hermosa-Gelbard, Rita Rodrigues-Barata, Sergio Vañó-Galván
- 89. Langerhans cell histiocytosis – features in dermoscopy**
Małgorzata Orylska, Agnieszka Owczarczyk-Saczonek, Waldemar Placek
- 90. Pressure alopecia: two cases with thin hairs on trichoscopy**
Daniel Fernandes Melo, Violeta Tortelly, Beatriz Ghedin
- 91. Early diagnosis and prompt treatment improves quality of life in patients with frontal fibrosing alopecia**
Rachita Dhurat
- 92. Unusual patterned presentation of trichotillomania masquerading as female pattern hair loss**
Nitya Malladi, Rachita Dhurat, Jill Chitalia, Sandip Agrawal, Ameet Dandale, Smita Ghate
- 93. Trichoscopic wonder. A case of postpartum hair loss**
Angela Nagpal, Rachita Dhurat, Mithali Jage
- 94. Trichoscopy in alopecias**
Angela Nagpal, Rachita Dhurat, Mithali Jage, Sandip Agrawal
- 95. Trichoscopy in diagnosis and monitoring of tinea corporis caused by Trichophyton tonsurans**
Justyna Sicińska, Magdalena Jasińska, Barbara Borkowska, Irena Walecka
- 96. Ingrowing hairs: a recurrent trichoscopic feature in scarring alopecias**
